- Tickets: Mou reported that 59 student tickets and 38 general admission tickets were sold on Monday for a total of \$1,565.
 - Isaac recommended that we give a press pass to photographic services. They will send one professional photographer and then we can view and buy pictures online.
- Performances: Emmanuel gave an update on performances. Try-outs were on Monday night. As of now there are 13 performances, but the list is still tentative. Final try-outs will be on Thursday. The number of performances chosen depends on how long each performance is. Other factors such as the host and hostess and transition time will be taken into consideration.
